Subject: Proposal for certificate course in Basic instrumentation in Physics for the session
2021-22

Respected Sir,

With reference to above mention subject, I am submitting here with the proposal to
conduct certificate course in "Basic instrumentation in Physics" by the department of physics
of our college. This course will be helpful to open new conceptual ideas and practical
knowledge about the experimental skills in physics, among the undergraduate students of our
college. Hope you will consider my application and I kindly request you to sanction the same.

ADD-ON COURSE

"BASIC INSTRUMENTATION IN PHYSICS"

SYLLABUS

UNIT I

Introduction to Instrumentation, units and measurements. Meter scale, vernier caliper, Screw gauge, Spherometer, Calculations of L.C., Use of travelling Microscope, telescope, thermometer, spherometer, spectrometer, etc.

Unit II

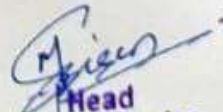

Errors in Measurements of travelling Microscope, telescope, thermometer, spherometer, spectrometer, etc.

Unit III

Introduction to basic electronics equipment, voltmeter, Ammeter, Galvanometer, Digital Multimeter (AC and DC measurements)

Unit IV

Component testing Register, Diode, Transistor, Capacitor, Resistance Box, Inductor, Rheostat, Transformer, LED, etc., CRO calibration and its application

Objective

The objective of these courses is to provide an opportunity to do an employment oriented /skill-based courses physics students.

Course Content

The detailed course content will be provided to the students

Venue

The classes will be in the college premises

Report

On 17th August 2021 the department of Physics to conducted "Add on course" for our students.

During these hours our students taught about "Basic Instrumentation in Physics". The purpose of the programs is to develop, in each student, the degree of technical competence that would allow the graduate to be employed as an in any company or in daily purpose life.
